Root beer over vanilla bean ice cream	

EARTH FIRST. BEER SECOND.

Worthy has used Eugene, OR PakTech can carriers since June 2013. PakTech carriers are made from 100% post consumer material, repurposed milk jugs and other similar containers.

In Feb 2019, Worthy became one of the only places in Deschutes County to responsibly recycle PakTech carriers. Worthy collects carriers from consumers and delivers them to Pak Tech's facility in Eugene. Pak Tech turns the carriers into things like pipe, composite lumber, and planter pots.

WINE LIST

MONDAY - FRIDAY

4 - 6 PM

\$4 PINTS (\$5 FANCY BEERS)

WATER POLICY

Our mantra: 'Earth First. Beer Second.' is reflected in our efforts to minimize waste. Two initiatives we've implemented to help reduce waste are:

servicing water and straws only by request.

Water is our most precious resource, and at Worthy, we do our best to preserve it. During the hot summer months, we set up water stations on the patio to make it easy for our guests to help themselves to as much water as they need to stay hydrated!

Additionally, reducing the number of straws we serve has helped us cut way down on waste, and our switch from plastic to paper straws has supported our company-wide goal of reducing our use of plastic.

Thank you for your support!
