Sol Power: Did you know Worthy has over 125 rooftop solar panels? Most are dedicated to heating water for our brewing process. In total these solar panels produce a yearly average of 10% of our power.

Garden to Table: Our Worthy garden grows chives, sage, thyme, oregano, mint, edible flowers, basil and cherry tomatoes that we use in our dishes. We also provide compost to local farms in an effort to reduce our environmental footprint.

BUY THE KITCHEN A 6-PACK! DON'T WORRY... WE'LL SHARE WITH THE SERVERS... MAYBE...
